

**IN THE SPECIFICATION:**

Please amend the paragraph beginning at line 14 of page 13 of the specification as follows:

The subroutine of the operation mode 3 is illustrated in the flowchart of Figure 5 in which steps 301, 302, 303, 304 and 305 correspond to steps 21, 22, 23, 24 and 25 in Figure 4, respectively. The way of activating the subroutine of the operation mode 3 and the procedure from the storage of the one-screen-worth of text data (Step 301) to the determination on whether the tag is a vocalization tag or not (Step 305) are the same as those in the operation mode 2. Therefore, the process of the operation mode 3 will be described in detail from Step 305 in the flowchart shown in Figure 5.
